

Donation Policy

Interstate Communications is proud to be a part of the communities we serve. We are happy to support the community and its various organizations through monetary, in-kind, and service donations. We are committed to helping strengthen our community by contributing to effective caregiving organizations.

Preference will be given to organizations and events with lasting or long term benefits to the community as a whole. We do not accept applications for the following:

- Organizations outside of our service area including national fundraising efforts (although local chapters may be considered)
- Political parties
- Individuals
- Funding for projects that have already been completed
- Operational expenses
- Personal expenses including salaries, bonuses and/or benefits

Some requests which meet all criteria outlined may be turned down due to limited budget or lack of resources. The amount of money any one nonprofit organization may receive is evaluated on a case by case basis. Donations must be used directly by the organization or event requesting it and not channeled through another entity.

Application Deadline

Interstate Communications accepts applications throughout the entire year. Please allow up to four weeks for a response regarding donations, goodwill advertising, or event sponsorship.

The completed form must be received via email or mail at least 20 working days before the event's date.
